Happy Holidays

from Prudential Overall Supply

December 2008

To Our Friends,

As 2008 comes to an end, I wonder what unnerves us the most; the final days of a Presidential campaign, the uncertainty of change, the melt down of Wall Street and our banking system, a housing market collapse or tight credit. These are certainly interesting and challenging times. The pundits have answers and it's easy to criticize, but maybe we should look at ourselves. We know we shouldn't spend more than we earn. Our lack of discipline and self-control compromise our core values. Governments and companies are no different. We must hold ourselves and others accountable.

I have a positive attitude and believe hard work can solve most problems, and this process makes us better.

Prudential has a history of growing and earning profits which makes us all successful. We grow and expand from profits, not debt. This has suited us well over the years.

I know we value our jobs, wages and benefits. Prudential is proud we can pay our associates good wages and benefits, but we all realize these benefits come from profits earned from serving our customers. We know we're all responsible to contribute so POS grows and remains profitable and healthy. Thanks to Prudential's past leadership, we are debt free and financially able to handle the trying times ahead.

As we enter an uncertain 2009 we must remember that success is the actualization of giving 100% effort, developing teamwork, synergism with people and being the best we can be. Listen — Adapt — Be Positive.

POS has to stay committed to its core values of:

- 1.) Retaining our customers by giving them good service and excellent value for their dollar.
- 2.) Valuing our associates.
- 3.) Growing and filling up our plants.

At this time of year we cherish the privilege of expressing our sincere thanks to each of our customers, employees, suppliers and friends for the nice things they have done for us in 2008, and to extend our heartfelt best wishes for the year 2009. It is my hope that we may keep the holiday spirit alive throughout the year. This attitude of optimism, hope, faith, love and good will toward all, will help to produce positive attitudes and results in each one of us. May God grant each of you joy, peace and happiness in this holiday season and the forthcoming year.

Merry Christmas to All!

Dan Clark
Chairman of the Board

Dan Clark (09/23/68)

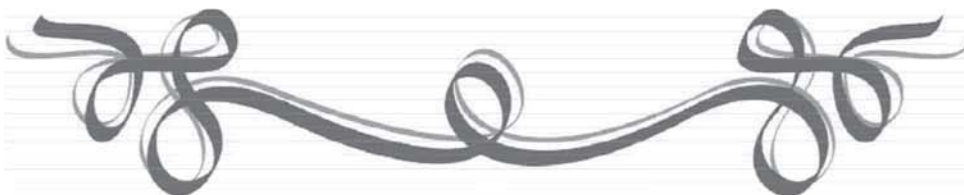

Thank you
for your loyalty.

We wish you a wonderful
Holiday Season and a
very Happy New Year!

Prudential's Featured Customer

Lexus of Valencia
24033 Creekside Road
Valencia, CA 91355
(661) 260-2000
www.lexusofvalencia.com

Keyes Lexus of Valencia's passion is providing customers with a world-class ownership experience. They share the thrill that their customers get from owning and driving a Lexus. Whether their customers come in for a new or pre-owned Lexus, to have their vehicle serviced or to arrange financing, Keyes is committed to providing a Lexus experience that keeps customers coming back.

The Prudential Overall Supply truck parked in front of "The Elite of Lexus" award winning, Keyes Lexus of Valencia.

The Van Nuys Team visits with **Gabriel Aguirre**, Parts Manager at Keyes Lexus of Valencia.

Left to Right:

Duke Pagan (01/22/96)

Sales & Service Manager,

Gabriel Aguirre, Parts Manager,

Humberto Guadalupe (07/23/01)

Customer Sales Representative,

Jon Locke (08/09/04)

General Manager.

Keyes Lexus stocks only genuine Lexus parts, to keep their customers Lexus vehicle in top running condition. If by chance its Parts department doesn't have the part their customers need in stock, they can get it quickly, usually within a day. In addition to parts, They also carry a full line of genuine Lexus accessories. Be sure to check out all their Lexus-branded gear to complete your Lexus look.

Humberto Guadalupe
(07/23/01) Customer Sales Representative delivering clean uniforms to Keyes Lexus of Valencia.

Keyes Lexus of Valencia is outfitted in the official Lexus Dealership Image Apparel.

Humberto Guadalupe (07/23/01)
Customer Sales Representative verifying with a Keyes employee that his new uniforms are the correct size.

A glimpse into the immaculate and busy Keyes Lexus of Valencia service bays.

Keyes Lexus Service Department staff is passionate about caring for the best vehicles in the world, and committed to keeping their customers Lexus in top performing condition. Their factory-trained technicians have years of experience and will get your Lexus back on the road as soon as possible.

Prudential continues to go GREEN...

Pepperdine MBA Program at Irvine Plant.

Pepperdine University MBA students took their first crack last Thursday at analyzing the rental laundry industry's green marketing potential. In a class at the Malibu, CA-based college's extension campus in Irvine, they began to identify opportunities to develop greater consumer awareness of the environmental benefits of uniform and textile service. Providing background for the discussion were ADI's Steve Kallenbach and Prudential's Jerry Martin, members of UTSA's Marketing Steering Committee. The semester-long project could recommend a number of efforts to boost the public perception of rental service, including some type of green certification program for laundrers. The work is under the auspices of the Pepperdine business school's Education to Business program, in which students work directly with corporate execs to identify strategic problems or opportunities and solve these issues through real-time MBA case projects. 09/01/08

Prudential Overall's Irvine, CA plant will be the destination this week for Pepperdine University MBA students whose class project requires them to evaluate our industry's green marketing potential and recommend strategy for promoting our services to consumers. The students will be shown how reusable textile processing is environmentally superior to providing disposables, and they'll witness how our facilities make better use of natural resources than home laundering. More companies will be encouraged to host the students this fall as they seek to learn more about the industry. 09/18/08

FACT: Average Consumer doesn't really relate to the IL industry.
 FACT: The "LaundryESP" initiative has done a lot for government awareness of IL environment stewardship.

PLEASE Recycle your hangers to help control costs and help improve the environment.

RECICLE por favor sus ganchos para ayudar a controlar su costo y mejorar el medio ambiente.

We are trying very hard to keep your cost under control. One way you can help is recycling your hangers. Please turn your hangers in each week with your soiled uniforms. Racks have been provided in your locker room.

Estamos trabajando arduamente para que sus precios no aumenten. Una de las maneras en que usted puede ayudar es reciclando sus ganchos. Por favor regreselos cada semana junto con los uniformes que tienen que ser lavados. Los anaqueles en su locker están a su disposición para esto.

Thank you for your help! ¡Gracias por su ayuda!

We are excited to announce that the Off-the-Cuff publication is printed entirely on Forest Stewardship Council certified paper. FSC certification ensures that the paper used in this publication contains fibers from well-managed and responsibly harvested forests that adhere to strict environmental and socioeconomic standards. We are proud to make this significant move to help our environment. The FSC logo on our publication signals not only FSC certification, but also Prudential Overall Supply's commitment to improving the environment.

and GREENER...

Good Neighbors.

UTSA members were among the 459 companies recently awarded certificates of recognition by the Sanitation Districts of Los Angeles County for being "good corporate citizens". These companies were consistent in their compliance with all industrial wastewater discharge requirements. They met their limits for wastewater discharge, were free from any notices of violation, maintained their environmental equipment, and fulfilled permit requirements. Prudential's Carson Plant was a repeat winner of 5 years. The Cerritos Plant, Los Angeles Industrial and Cleanroom Plants were also honored.

Source: *UTSA Scoop*, July 14th, 2008

Albuquerque Water Utility Authority Recognizes Prudential Overall Supply.

Prudential Overall Supply has been awarded the Pretreatment Gold Award for Wastewater Discharge Permit No. 2190A.

Gold Pretreatment Awards are given to permit holders for: (1) Operation of an active pretreatment system, 100% compliance with the reporting requirements of their permit, and 100% compliance with their permit discharge limits; or (2) Operation of a zero discharge system and 100% compliance with reporting requirements of their permit; or (3) Exceptional source reduction and pollution prevention in lieu of active pretreatment, 100% compliance with the reporting requirements of their permit, and 100% compliance with their permit discharge limits.

Project POSITIVE

(POS Information Technology) Project Update

by **Hack Hughes**

Director of Management Information Services

The following plants have been converted to the ABS Route Accounting system:

<u>Plant</u>	<u>Go-Live Date</u>
• Van Nuys	August 18, 2008
• Moorpark & Santa Maria	September 15, 2008
• Fresno	October 27, 2008
• Sacramento Service Center	November 10, 2008

The Northern Region is fully converted to the ABS system.

Team One under the direction of Dale Knutson continues to focus on the Milpitas Cleanroom and Industrial plants with a projected cut-over date in January 2009. Team Two under the direction of Chris Kalert will now begin the ABS deployment at the LA Industrial plant. All Industrial and Cleanroom plants will be converted to ABS by late 2009.

We are currently evaluating the new ABS Business Intelligence tool which provides Route Accounting data in an interactive electronic dashboard format instead of paper reports. The dashboards provide summary data either in tables or graphs showing trends and allow the user to drill down into detail data for additional analysis.

An enhanced Symbol handheld is now being deployed to the Routes. The MC70 has been upgraded to the new MC75 model which has improved processing speed, larger storage capacity, enhanced screen resolution, an integrated color camera, bar code scanner, etc. The first MC75s were deployed at Fresno and Sacramento.

A new contract has been completed with Qwest which provides for higher speed network connections to be installed at all plants and depots while significantly reducing networking costs. The installation of the circuits will be completed by the end of the year.

An electronic financial reporting project under the direction of Karen Truax was implemented in October. The system, which is based on Crystal Reports extracts and formats financial data into several reports that can be delivered to users in an electronic format via the Web.

Prudential Overall Supply Acquires Benebrand Company

IRVINE, CA – July 14, 2008 – Prudential Overall Supply, an industry leader in image work apparel, today announced that it has acquired Benebrand Company, a locally owned and operated textile rental service company servicing customers throughout San Diego, CA County.

Mr. David Levy, Benebrand Owner / Operator comments, “Prudential Overall Supply was the best possible choice for Benebrand customers. Like Benebrand, Prudential Overall Supply is family owned and operated which reinforces their Company’s connection to the local community, and ultimately puts their team in the strongest position to best serve our customers.”

Tom Watts, President of Prudential Overall Supply, says, “We are excited to offer Benebrand customers the best possible service experience. The depth and experience of our service team along with our product and service offering will help us meet this goal.”

TopPro Award

Sam Ross (03/20/00) Corporate Sales Representative, Tucson Plant receiving his plaque from **Mitch Cummins** (07/21/80) General Manager Tucson Plant.

CleanPro Award

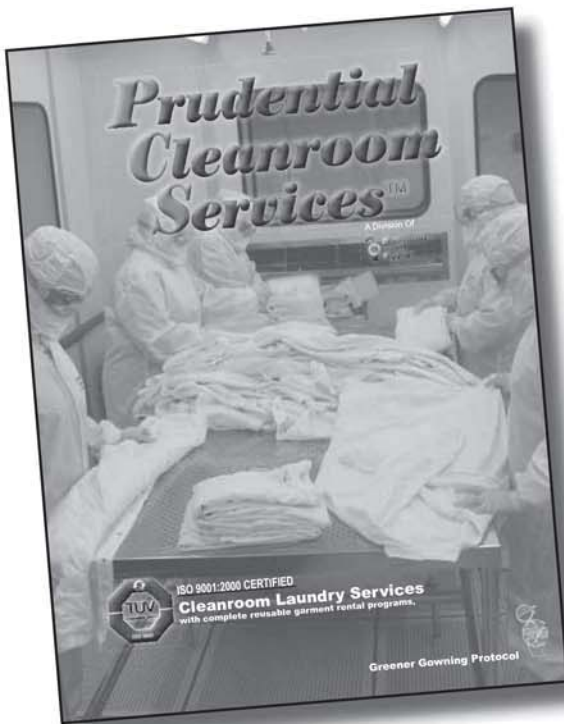

Rosa Vasquez (01/28/08) Account Executive, Los Angeles Cleanroom Plant receiving her plaque from **Chris Welch** (12/14/95) General Manager Los Angeles Cleanroom Plant.

Exemplary Performance!

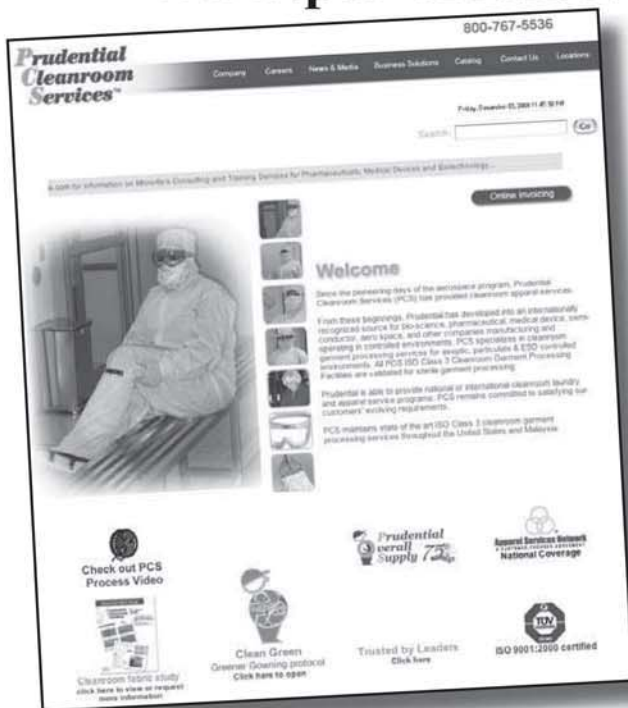

Michael Ray (08/06/07) Customer Sales Representative at the Riverside Plant. Michael runs one of the biggest routes in Riverside, and he has achieved a negative 1% lost business %. His customers rave about his customer service. Michael has also maintained a \$23.34 sales average to top off his performance! Great work Michael!

New Cleanroom Catalog Released

Prudential Cleanroom Services, a world leader in cleanroom laundry service systems, announced the release of its Prudential Advantage cleanroom garment catalog. The catalog features Prudential's IN-STOCK reusable cleanroom apparel that represents many of the industry's most respected fabrics and styles. Additionally the catalog features reusable goggles, reusable mops, on-site garment coordinator program, PCS' proprietary Garment Tracking System (GTS), the complete service cycle, a glossary of terms & definitions relating to contamination control environments, the latest ISO Global Cleanroom Standards Primer, and cleanroom gowning and de-gowning procedures. "We at Prudential Cleanroom Services continue to challenge ourselves to be the contamination control industry's best-in-class quality supplier for reusable cleanroom products and services," said Stefan Schurter, Senior Vice President for Prudential's Cleanroom Services. "Prudential's new catalog reflects this goal. This point of reference is intended to help support our customers as they research their specific contamination control challenges. Prudential looks to help our customers make sound decisions that are based on sound advice."

New Cleanroom Website Launched www.pcs-clean.com

Prudential Cleanroom Services, a world leader in cleanroom laundry service systems, announced the release of its new website. Prudential's new website is now available at www.pcs-clean.com
New site includes:

- Updated product line that includes: complete garment system construction features; Hi-Density ESD coveralls, hoods and boots; reusable cleanroom goggles; reusable cleanroom mops; FR Garments; innerwear; and reusable chemical gowns.
- Videos: Gowning and de-gowning procedures, and the AMR video that features the best-in-class PCS ISO 9001:2000 cleanroom laundry processing plant tour.
- Laundry process flow chart.
- Updated business solutions section.
- The new website will continue to include on-line invoicing viewing capabilities.

- Enhanced navigation functionality.
- Green initiatives.

Prudential's website defines all of Prudential's available contamination control products and services along with resources to help our customers make sound contamination control decisions.

Attn: Sergio Lopez

Hi Sergio,

We at the American Lung Association of Southern California want to
thank you very much for your generous donation of clean towels.

As you may know, our first building climb stair race fund raiser took
place on a record temperature breaking hot Saturday on April 26th,
2008.

Each participant was handed an ice cold bottle of water and your clean
towel as they finished on the roof of the 62 story AON building in Los
Angeles. This brought a smile to their face as each person was thirsty
and perspiring!

Thank you for personally delivering the towels to Mark Trahanovsky
at West Coast Labels on such a short notice.

Sincerely,

Kelly Zentmyer

RE: Prudential Overall Supply

To Whom It May Concern:

This is a letter of reference for Prudential Overall Supply who has been our sole uniform
supplier since November 2004. Since our switch from Aramark our other uniform
supplier we have been most pleased about Prudential's quality of service and customer
care. Our route delivery person, David McGee prides himself on quality customer care
and goes out of his way to make sure that we are taken care of. David is always very
responsive to our needs. Prudential Overall Supply management team is even active by
doing physical site inspections during the year following up on their route drivers and
having the customers complete a very short customer service survey.

If I can provide any other information, please feel free to contact me at 650-583-5937
(Ext. 101); or our truck service department manager Franklin Yamamoto (ext. 111) or
Anthony Bernardini, owner (Ext. 103).

Sincerely,

Diana Zocchi
Operations Manager

To Whom It May Concern:

We are writing to extend our appreciation and complimenting a great honest worker, David McGee, who has been in charge of our uniforms. He has been servicing our company for over ten years and we have never encountered any problems. David is courteous, punctual, hardworking, and always readily available to our needs. I know how important it is to have reliable and professional worker. David is certainly an outstanding employee that represents their company extremely well, reflecting the quality of service Prudential Overall Supply provides. We are completely satisfied and currently enjoy doing business with Prudential and we look forward in continuing business with them for more years to come. If you have any inquiries, feel free to give us a call at (415) 550-0777.

Thank You.

Dear Nancy Short,

Uniforms identify our employees as an important part of our business and services. We have noticed that people prefer to do business with uniformed employees. I am pleased to inform you of the excellent uniform rental services your company provides to us on a weekly basis. The service we have received since being with your company has been superb. Our employees have great satisfaction coming in on Monday to clean, crisp, pressed uniforms to start their week with a positive attitude. We appreciate the great service and we look forward to future business with Prudential Overall Supply.

"Irvine's Safety Team Active Representatives (STAR) Take Charge of Safety"
November 4, 2008

The members of Irvine's Plant 06 STAR recently sprung into action to increase the safety of all associates. Recognizing the need for associates to be able to accurately respond to emergencies, they superbly coordinated with local fire officials to have the fire department come to their location and provide actual hands-on fire extinguisher training. The plant superintendent, Manny de la Rosa lauded their efforts by stating, "The STAR member's efforts have significantly increased safety awareness and enhanced our folk's ability to stay safe on and off the job!"

Alex's Safety Corner

Irvine Safety Committee Visits Milliken in South Carolina
by Alex Navarro (12/03/07) Safety Manager

Prudential Overall Supply's (POS) safety journey reached a pivotal milestone recently when delegates from the Irvine Plant 06 Safety Team Active Representatives (STAR) were invited to visit some of their counterparts at Milliken in South Carolina.

Irvine's very own Raquel De Dios (Chairperson, STAR), Felipe Soto (Vice Chairperson, STAR), Francisco Mendoza (Secretary, STAR) and Jaime Ruiz (Coach/Sponsor, STAR) took part in a safety symposium hosted by our safety partners at Milliken designed to increase safety knowledge and awareness. Upon arrival, the STAR learned first hand how Milliken began their safety journey and, through commitment, teamwork, and empowerment of associates, went on to become one of the world's pre-eminent leaders in the safety arena. Milliken began with a tour of their corporate headquarters where they provided a detailed study of the safety lessons, principles, and metrics vital to the evolution and direction of their safety voyage. As if Milliken's numbers and statistics in keeping people from getting hurt weren't impressive enough (and they certainly were—one of their plants is actually going on more than 10 years since the last reportable injury!), the STAR was whisked away to tour two of Milliken's Finishing Plants. Not only did the STAR get to see first hand where the safety journey we at Prudential have embarked upon will lead us to, but, more importantly, they got to meet and partner with REAL associates who, like them, took ownership of the safety process and elevated it to

unprecedented levels of effectiveness in every area! The interaction with their safety peers at Milliken galvanized the STAR and clearly demonstrated that we are on target to earn the Occupational Safety and Health Administration's prestigious STAR Certification under the Voluntary Protection Program (VPP). Raquel De Dios, summed up the visit by saying, "From what we saw and learned at Milliken, our team's 100% convinced that we can attain our goal of becoming the first company in the entire laundry industry to attain VPP STAR status!"

In other developments, Plant 02, Riverside's Safety Team of Prudential (STOP) and Plant 04, Carson's Committee Always Ready for Safety (CARS) are on course and making significant progress in their own safety journeys. Already, they have both adopted a mission statement, established goals for 2008/2009 and approved their safety logos and facility banners. Their safety education is also developing at a brisk pace—they are now at step 7 of the 20 Step Safety Journey. Finally, I am extremely proud to announce that Plant 13, Vista, Plant 05 L.A. Industrial and Plant 15 L.A. Cleanroom will all be officially embarking upon their very own safety journeys in January 2009. At this point, virtually 1/3 of the entire POS workforce will be actively engaged in our new safety process! Thanks to you all, (associates, supervisors, and managers alike) for your trust, confidence, and unwavering support as we continue to move forward on the POS Safety Journey.
