December, 2015

To Our Friends,

It is always an honor for me to write this Christmas letter.

As CEO, I know my primary responsibility is to make sure Prudential Overall Supply will continue into the future, while providing good jobs now for our 1600 plus employees.

This month POS will be absorbing one of its largest acquisitions. The biggest challenge will be to convert this operation to Prudential's culture and the biggest opportunity will be the growth potential in this market area. This acquisition will be modeled with one plant serving five service centers stretching from Colonial Heights, Virginia to Atlanta, Georgia. We currently have one cleanroom plant and two cleanroom service centers on the East coast with a small amount of industrial business. This acquisition will be our first step to providing industrial services, our core business, to this area.

We welcome these 100 new employees to the Prudential family and thank everyone for their hard work and support as we make this transition.

I know my dad would be very proud that his one man operation he started in 1932 now consists of 17 plants, 16 service centers and 1600 plus employees. From tiny acorns to giant oaks; this is truly a story of Prudential people working together to accomplish goals.

At this time of year I cherish the privilege of expressing the company's sincere thanks to each of our employees, customers, suppliers and friends for the meaningful things they have done for us in 2015, and to extend our heartfelt best wishes for 2016. It is my hope that we may keep the holiday spirit of faith, love and goodwill towards all alive throughout the year. May God grant each of you joy, peace and happiness in this holiday season and the coming year.

Merry Christmas to All!

Dan Clark
Chairman of the Board

Dan Clark (09/23/68)

Para nuestros amigos

Siempre es un honor para mí escribir esta carta de Navidad.

Como Director Ejecutivo, sé que mi mayor responsabilidad es asegurar que Prudential Overall Supply continúe hacia el futuro, proveendo buenos trabajos para nuestros más de 1600 empleados.

Este mes Prudential Overall Supply obtendrá una de sus mas grandes adquisiciones. El mayor reto será convertir esta operación dentro de la cultura de Prudential, mientras la más grande oportunidad será el potencial de crecimiento en esta área del mercado. Esta adquisición será modelada con una planta; manteniendo a cinco centros de servicio que van desde Colonial Heights, Virginia a Atlanta, Georgia. Actualmente tenemos una planta y dos centros de servicio Cleanroom en la costa este con una mínima cantidad de negocios industriales. Esta adquisición será nuestro paso final para proveer servicios industriales, el núcleo de esta empresa, a esta área.

Damos la bienvenida a estos 100 empleados nuevos a la familia de Prudential y les agradecemos su ardua labor y apoyo al hacer esta transición.

Sé que mi padre estaría muy orgulloso al mirar que el trabajo que hacía un solo hombre en 1932, hoy consiste en 17 plantas, 16 centros de servicio y mas de 1600 empleados. Desde pequeñas bellotas hasta ser robles gigantes, esta es verdaderamente una historia de Prudential uniendo a personas para lograr metas.

En estas fechas del año, aprecio el privilegio de expresar la gratitud sincera de esta compañía. Gracias a cada uno de nuestros empleados, clientes, proveedores y amigos por todo lo significativo que han hecho por nosotros en el 2015, y les extendemos nuestros mejores deseos para el 2016. Es mi esperanza que podamos mantener el espíritu navideño de fé, amor y buena voluntad vivo por todo el nuevo año. Que Dios les conceda a cada uno de ustedes alegría, páz y felicidad en esta epoca de fiestas y el año que comienza.

Feliz Navidad!
Dan Clark
Director Ejecutivo

ABOUT US

We are enjoying our 21st year in business and have been involved in many spectacular events through the years. Majerle's opened on December 2, 1992, and we are very proud of what we have accomplished in that time.

We have locations in Downtown Phoenix, at the Chandler Fashion Center Mall, in Goodyear at McDowell & Dysart, "Old Town" Scottsdale and our newest location in Flagstaff on Route '66'.

We are very excited about the continued growth of the original Downtown Phoenix location. By visiting us you are actually involved in the history of Phoenix. Majerle's is located in the oldest commercial building in the city (1891). Originally named the Fry building, this establishment has been used as a drugstore, saloon, clothing store, hat store, shoe repair store, and trading post. When the Suns built their new home just one block away, my partners and I knew the Fry Building was the location for us.

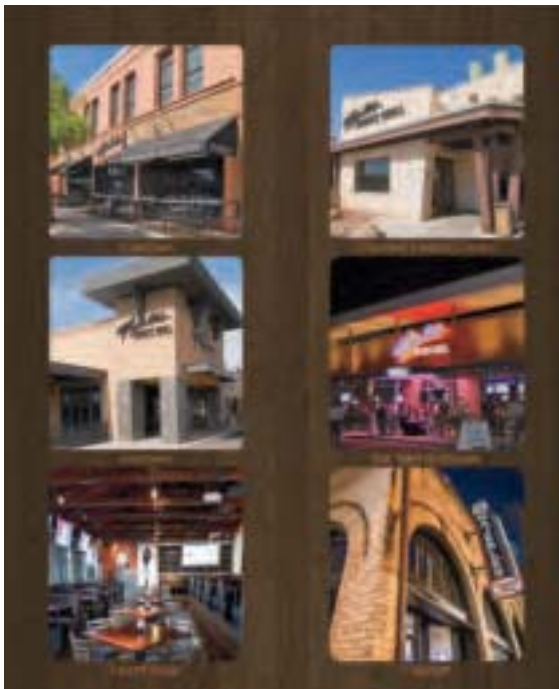

We opened our second location in 2007 at the Chandler Fashion Center Mall. If you are in the east valley, please check us out. Our Goodyear location continues to grow in a flourishing neighborhood. Our newest location in "Old Town" Scottsdale is the perfect place to have lunch, to wind down for happy hour or wind up while taking part in Scottsdale's electric nightlife!

Majerle's has been recognized with numerous honors, including:

- "2009 DREAMR Award – Downtown Revitalization Effort Awards of Merit and Recognition. Private Sector Individual Award — Business partners Dan Majerle and A.J. Sulka
- "25 Best Sports Bars in America" (Sports Illustrated)
- "Best Sports Bar in Arizona" (Arizona Republic)
- "Best Pre-Event Downtown Dining" (Arizona Republic)
- "Best Burger in Phoenix" (AOL City Guide)
- "Best Happy Hour" (Downtown Phoenix Partnership)
- "Best Nightlife" (Downtown Phoenix Partnership)
- "Best Lunch Spot" (Downtown Phoenix Partnership)
- "Best Pre / Post Game Spot" (New Times)

Majerle's also receives a tremendous amount of media exposure on a regular basis. Nationally, Majerle's has been featured on NBC Sports, TNT Sports and ESPN's "Cold Pizza" as well as by nearly every local media outlet, including the Arizona Republic, Business Journal of Phoenix, numerous magazines, TV and radio stations.

ABOUT US

TONTO APACHE TRIBE

The Tonto Apache Tribe has inhabited this area since long before Payson existed. A hardy and determined group of people who refused to be driven out in the classic Indian Wars of the 1800's, the Tonto Apaches, under the guidance of Chief Milton Campbell, worked hard to acquire the present reservation land in the 1970's.

The Tonto Apaches have long strived to retain their proud heritage while educating themselves and working to improve living conditions and opportunities on the reservation.

With the construction and opening of the Mazatzal Hotel & Casino, the Tonto Apaches have found themselves in a position to greatly improve their quality of life, school, health and business opportunities, and to contribute significantly to charitable causes in Payson and the surrounding Arizona Rim Country area.

Enjoy The Suite Life

The Mazatzal Hotel will exceed your expectations with modern charm. The superior quality is evident throughout the rooms with tile and granite, comfortable furniture, plush bedding, and large flat screen televisions in the sitting room and separate bedroom area. Other amenities include a refrigerator, coffee and wet bar, Wi-Fi High Speed Internet, additional sleep area with pull out bed, and the space you need to really stretch out.

It's A Suite Deal

While you are a guest at our beautiful hotel, enjoy a refreshing swim in the pool area or sink into the soothing Jacuzzi and let the day slip away. The private balcony outside the pool offers a nice view of the Mazatzal Mountains and rejuvenates the spirit.

Our Suite Staff Will Pamper You

The smiles are genuine when you visit our hotel and casino. You will be greeted by a friendly face and treated like royalty throughout your stay. We appreciate our customers and care about your needs. We put the "accommodate" in the word "accommodations."

It's Time To Make A Suite Choice

The Mazatzal Hotel is the perfect choice if you want to feel at home while you are away and be only a few short steps away from the excitement of a casino, fun, entertainment and great food.

Prudential to Acquire Coyne Textile Services Southeast Locations

The Announcement

Prudential Overall Supply, an industry leader in reusable image work apparel and related textiles, announced that at a hearing on October 29, 2015, the Bankruptcy Court approved Prudential's acquisition of the two Southeast locations from Coyne Textile Services. The parties are awaiting entry of the Bankruptcy Court's formal order and then will proceed towards transition and closing under the acquisition agreement. The acquisition will put Prudential's industrial laundry rental services team into seven additional states and Washington DC; Alabama, Georgia, Maryland, North Carolina, South Carolina, Virginia, West Virginia and Washington DC.

Tom Watts, President of Prudential Overall Supply, says, "We are excited to offer Coyne Textile Services customers the best possible service experience. The depth and experience of our service team along with our product and service offering will help us meet this goal."

Welcome to Atlanta

A picture is worth a thousand words!!!

With the Prudential sign up by the building it give the employees the confidence that we are staying!

First Two Trucks on their Way!

Team: **TOM ORR** (04/14/14) Senior Fleet Manager reported this afternoon: " First two trucks are on the way. Should arrive in Atlanta Tuesday" Thanks Tom!

These represent the first two Prudential industrial step vans ever to set "foot" out East. The existing plants offered them up so their soon new sister plant has some decent rolling stock to start out. THANKS!!! In total we are shipping 21 vehicles, including step-vans, bobtails, tractors and trailers out East. By December 7th, we will start out with 24 new industrial routes, covering 6 more states. We will be adding an entire large industrial plant in Virginia, with Service Centers in Atlanta, GA; Greenville, SC; Raleigh NC; Winchester, VA; and Beckley, WVA. Over 100 new folks will have jobs with Prudential. When you meet them in the future and work with them, please welcome them on board!!

These new locations complement our growing Richmond Cleanroom Plant and its Service Centers in Boston and Jacksonville. I mention this because without the super strong growth at Richmond Cleanroom, this would NOT have been possible.

Thanks to everybody for making it happening! Thanks to your strong contributions, Prudential is healthy and will be here supporting us and our families for many, many more years.

Respectfully,

STEFAN SCHURTER (10/26/92) Senior Vice President

The Transition

The transition is moving along well and we appreciate all the support from all over the company. Not only the employees who have volunteered to come back east now and in the to support the acquisition but also everyone supporting us by picking up the extra work duties of those employees and the support from everyone at the corporate level!

The above photo is Coyne employees (Production, Office, Sales & Service and Maintenance) who are working extremely hard to keep all of our future customers on board. They got together and wanted me to share this message with you all. Yes, it is you all. There are many more current Coyne employees in all departments here and in several other places back in the southeast doing the same thing. It is hard to herd them together because their focus is to service and secure the customer base for Prudential Overall Supply. Three days in and they have not lost ONE customer!

Thank you!

RON BAUBLITZ (09/19/94) General Manager, Carson Plant
Transitional Manager for the acquisition

The Design & Planning

Based on meetings and discussion, we have updated the building design and model. The attached is the package that we will be submitting to the city for planning review. In order to meet the December 2016 start-up date, we proceed into the Design Development phase concurrently with the city planning process.

Even as we continue to tweak the design a little, we thought you like to get a glimpse into the newest 65,000 sqft Prudential plant, with space and design to expand to over 100,000 sqft, this has the potential to be Prudential's largest plant. The all in-closed docks are a tribute to our mission of providing safe and clean workspaces, especially in harsher climates.

In addition, today we start the relocation process of one of the Coyne's Plants in Greenville, SC, (their largest at 100,000 sqft, and newest) part of our acquisition scheduled to close Dec 4. This will provide less than 10 year old boiler room and mechanical process equipment for New England, reducing the construction cost of our new plant by over \$1 million.

Thanks to the entire Engineering & Ops team for making this possible! We only have 5 weeks to relocate the entire production to another state, then close and remove the entire plant's equipment from South Carolina and while I have a tendency to take it for granted by now (my apologies), reality is few laundry companies could handle this. Yet, I know our teams do it seamlessly and transparently, financially reasonable, in a first class manner. I have absolutely no doubt that by Dec 4, we will have removed everything of value and will leave nothing behind!

Thanks guys, Well done!

STEFAN SCHURTER (10/26/92) Senior Vice President

A Heartfelt Thanks

the acquisition

Dear Ron,

Your presence will be sadly missed here at Carson.

This afternoon I walked the dock and Aurelio wanted to speak with me. He just wanted to express his history working with you and how appreciative he was of you. I enjoyed hearing the whole history. The days he worked with you in Cerritos - he always thought you were a great guy. Aurelio took pride in telling me he personally calmed all the CSRs nerves before you took the job at 04. Some employees were nervous a new GM was taking over, but Aurelio let them know Ron is "number 1" and to not be nervous - "Ron takes care of his people". Aurelio thinks the world of you Ron.

Aurelio must have convinced the CSRs you are a great leader, because yesterday I saw a rare CSR event. After you dropped the bomb of your departure and told the CSRs the meeting was over, they stayed seated and an eerie silence came over the room. Nobody wanted to leave the room. The silence says everything. I know they will miss you.

Today, your production team shed tears when you made the announcement - Everyone was happy to hear of your move, but everyone was sad to hear of your departure. Many employees approached me stating how much they enjoyed working with you. I saw your managers trying to hold back their tears.

You influenced and affected a lot of these employees Ron. Your team misses you already.

Sincerely,

JOHN CLARK (08/31/09) Regional Manager

Colonial Heights is READY!

It was an adventure today but the Coyne sign is gone. The lift was finally dug out after getting it stuck. Leonard will have the sign painted within the next two weeks. The inside is organized. We have filled all four days of the next weeks of flat goods. We have two days of stock route ready after Monday. Day 4 will be shipped Tuesday along with day 3 and 4 garments. Invoices generated. Kick-off set for Monday at 5:00 a.m. CATERED breakfast, pictures, Starbucks cards. All the Service Centers are in the same status. Looking forward to a lot of kick-off pictures and happy new POS employees and customers!

Thanks for bringing us EAST!

November 25, 2015

Dear **MIKE BLAZEK** (05/21/90) General Manager,
Austin Cleanroom,

I wanted to thank you and personally recognize Brad for his recent participation in the Coyne Acquisition. He truly represented the spirit of leadership and support to enable the closure of the Coyne Greenville plant into the remaining Colonial Heights Plant.

I assigned Brad with the critical task of ensuring load accuracy and completeness in an environment where the demand and needs of the plant were constantly in a state of change. There were numerous timing, logistics, routing, and systems related issues that impacted the

plant which in turn would have created certain retention issues with our customers. Brad organized his team and executed processes to ensure accurate and complete loads were being sent to 6 locations. All of this amidst significant amount of construction work, a 90 stop reroute, and holiday schedule being conducted during our startup week.

It was truly a great pleasure to see him lead in support our vision of growth on the east coast. Please extend my sincere gratitude to Brad for a job well done.

I hope to see him again soon in support of the acquisition and other important initiatives we undertake.

Prudential Finalizes Acquisition of Coyne Textile Services Southeast Locations

Prudential Overall Supply, an industry leader in supplying image work apparel and related textiles, today announced that it has finalized the acquisition of two Southeast locations from Coyne Textile Services. The acquisition expands Prudential's industrial laundry rental service locations into five additional states: Georgia, North Carolina, South Carolina, Virginia and West Virginia. Prudential's service territory will also reach into Alabama, Maryland and Washington DC.

Colonial Heights had a kick-off celebration with a catered breakfast, pictures, and Prudential promotional giveaways.
Finally....HAPPY NEW POS UNIFORMED EMPLOYEES AND CUSTOMERS!!

And ... Another Heartfelt Thanks

We would like to extend a huge thank you to EVERYONE that had a hand in the preparation and transition to make this acquisition possible! Each and everyone of you contributed your time on this project and it was worth it! This really shows your leadership and dedication towards our Prudential family. We welcome the new employees to our family and wish for much success in the future.

Mr. John D. Clark would be proud!

THANK YOU!

Happy Holidays from the Corporate Safety Department. We would like to wish all Prudential Overall Supply and Prudential Cleanroom Services' employees a safe and happy Holiday Season. As the end of 2015 draws near we would like to thank and honor all POS/PCS employees for working to improve the safety in their locations and consistently striving to protect their coworkers from injuries.

In 2015, several locations achieved outstanding safety milestones rarely seen in our industry. The Prescott Valley Service Center became the first service center in the company to achieve VPP Start Status. Congratulations to Jon Anglin and his team for making it happen and Steve Hernandez and Zach Guilds for all their support. Great Job!

The Milpitas Cleanroom celebrated 365 Day without a recordable incident and is still going strong. The Portland Cleanroom celebrated 300 days incident free and are closing in on 365. Tucson celebrated a huge milestone making 180 days and is also nearing 365 days incident free. These are just some of the amazing things happening within the organization. Of course, none of this would have been possible without all the hard work and dedication of our employees. As 2015 comes to a close, let's reflect on all the great memories and achievements of all our wonderful employees, and get ready for an even better 2016!

Happy Holidays!

Milpitas Cleanroom Went 365 Days Incident Free!

The Milpitas Cleanroom team accomplishing 365 days without a recordable incident. Actually, the Milpitas Cleanroom team has now exceeded 400 days and are marching together towards another banner Safety year in 2015.

The Arizona Division of Occupational Safety and Health Consultation Department presented Prudential Overall Supply with its VPP Designation on Wednesday, Oct. 28, 2015. The Arizona Division of Occupational Safety and Health (ADOSH) Consultation Department presented Prudential Overall Supply, with its "STAR Site" designation through the Voluntary Protection Program, "VPP." Companies and jobsites that are awarded the STAR designation demonstrate exemplary and comprehensive safety and health management systems.

ADOSH held a VPP Ceremony at the Prescott Service Center, where Prudential Overall Supply was awarded the STAR designation and presented with the VPP plaque and flag. During the ceremony, Jessie Atencio, assistant director of ADOSH, spoke on the significance of a VPP achievement and its importance to the State of Arizona.

"This is the second time Prudential Overall Supply has been recognized with the STAR designation. It's so important for companies to receive this recognition because they become the model for top safety in the workplace," said Atencio. "Prudential Overall Supply really is a STAR site when it comes to factoring in the health and safety of every employee on the team." VPP is the Occupational Safety and Health Administration's (OSHA) highest program of recognition across the United States. It recognizes employers and workers in private and federal workplaces who have exemplified effective safety and health management systems to achieve injury and illness rates that are more than 50 percent below the national average.

To qualify for VPP status, employers must submit an application to OSHA and undergo an onsite evaluation by a team of safety and health professionals. VPP participants and sites earning the "STAR Site" designation are re-evaluated every three to five years in order to remain in the program. VPP participants are exempt from OSHA programmed inspections while they maintain their VPP status.

Currently, only 38 Arizona companies out of more than 135,000 are VPP "Stars."

About ADOSH

Arizona Division of Occupational Safety and Health (ADOSH) operates under an approved plan with the U.S. Department of Labor to retain jurisdiction over occupational safety and health issues within Arizona, excluding mining operations, Indian Reservations, and federal employees. This jurisdiction encompasses approximately 2.1 million employees and 130,000 public and private establishments.

The Council Members are thanking the Prescott Service Center for becoming a qualified VPP member.

ISO Certification Update

UPDATE: Prudential Cleanroom Services received ISO 9001:2008 ISO Re-Certification.

The scope of the certification pertains to Providing Cleanroom Apparel and Other Contamination Control Products and Services for use in Controlled Environments. The scope of certification is applicable only to the Cleanroom Services division Processing plants and excludes the Industrial Services division and Cleanroom Service Centers.

Prudential Cleanroom Services, a world leader in cleanroom laundry service systems, today announced that it has completed ISO 9001:2008 re-certification through TUV SUD America, Inc. Prudential has implemented a Quality Management System in accordance with: ISO 9001:2008. This certification applies to Prudential's corporate headquarters and its national network of six cleanroom laundry processing facilities located in Los Angeles and Milpitas, California; Mesa, Arizona; Austin, Texas, Richmond, Virginia and its newest facility in Portland, Oregon. The scope of this Quality Management System includes providing cleanroom apparel and other contamination control products and services for use in controlled environments.

"The entire organization is extremely proud of the cleanroom division's ISO 9001:2008 certification. This reinforces Prudential's ongoing commitment to providing Best-in-Class quality products and services," comments Tom Watts, president of Prudential Overall Supply. The Company's Quality Management System received its initial certificate of registration to ISO 9000:1994 in March 2000.

About Prudential: Prudential Cleanroom Services is a division of Prudential Overall Supply. Since 1960, Prudential Cleanroom Services is recognized as a world leader in cleanroom laundry processing services. Prudential's network of cleanroom laundry services extend throughout the United States and Puerto Rico.

Team,

Good News: Yesterday we received word Portland, Plant 60, < 2 years old, successfully passed its initial ISO 9001-2008 Audit. We are very proud of this achievement! It shows it can be done in a year. Great Job everybody and congratulations to the entire plant 60/10 teams and corporate staff making it a reality!!

This completes Prudential Cleanroom Services and brings the plant count to 6, plus corporate. Great Job!!!

Will we stop here? No chance!

Our brand new DC (Distribution Center in Cerritos, Ca), Plant 07, will be added to the list of certified plants next year. I am convinced. David Ruiz and team is already working with his new staff on CPPs, WI (Work Instructions), and training, thus building the structure and frame work for a successful future. Dianne and Rose are a huge help and their guidance and support is very much appreciated.

One year later in 2017, the company selected Austin Industrial as the initial industrial plant for ISO certification. While we all understand that much has to take place between now and our first successful industrial registration, anybody who knows Mike Blazek, supported by a fantastic, highly educated and motivated staff has no doubt the Austin team will meet the challenge. Austin has been Cleanroom ISO certified for many years, passing with exemplary record, their expertise and knowledge of quality systems and processes runs deep.

We appreciate all the contributions from all of you to further strengthen our organization. While many tools are out there, the company's vision many years ago to invest in the ISO process has strongly contributed to "forcing" us to improve systems, training and documentation, all part of a Best in Class organization.

Congratulations again to all of you supporting our quality systems, your efforts show strongly!

2015 Maintenance Supervisor's Seminar

Well another year has come with a very successful "2015 Maintenance Supervisor's Seminar".

I am very pleased with the turn-out of all attendees and presenters.

I want to especially thank the Riverside team for all their hard work in making us feel welcomed and "at home"
DESIRAY YARBROUGH (11/10/14) Office Manager,
MARK ELBERSON (02/16/88) General Manager, and
DAVE HARDER (03/23/92) Maintenance Supervisor.

Thanks to **Brian Bash** for the great training to allow us to be certified for "Arc Flash Procedures" that could save lives and prevent injuries.

Thanks to **Martin Pharis** and the staff at C.L.M. for the great hands on training, lunch, class room training provided on a very long day Thursday.

Thanks to **Dennis McGrath** and **James Miller** with Swepeco for getting us back on track with preventive lubrication standardization.

Thanks to my Staff and others that presented and helped make this a successful meeting.

A big thanks to Prudential Management for allowing all of us to be trained so we are a safer group of professionals.

Finally thanks to the Maintenance Supervisors for taking the time out of their busy week to be a part of this.

See you next meeting.

New Assignments & Promotions in the Company

ROSA VASQUEZ (01/28/08) promoted to General Manager of our Milpitas Industrial Plant. Rosa has an extensive background in all aspects of the laundry industry, both on the industrial side and the cleanroom side. Rosa joined Prudential in January 2008 as an Account Executive and then was promoted to Assistant General Manager in the Los Angeles Cleanroom plant and then making the transition to the Moorpark Industrial plant as the Assistant General Manager. Rosa has proven herself as a successful leader in such a short amount of time that she has earned the chance to take the next step and assume the added responsibilities of a General Manager in her own plant. We know that she'll be equally successful there. She is a proud mother of two, Daniel and Kevin and is now enjoying her life living in the Bay Area. Congratulations Rosa!

JOE PERRY (08/25/08) promoted to Assistant General Manager at the Moorpark Plant. Joe started as a CSR in Irvine then transferred to Carson and then back to Irvine where he was promoted to a Route Manager, and soon after, to a Sales & Service Manager. Joe took over the Las Vegas Service Center about a year and a half ago and has improved Business Retention by almost 20%! Under his leadership, his CSR's have had zero accidents, met their SOP goals and his AR percentage has decreased 11%! Born in Castro Valley, Joe has spent most of his life in Orange County. Although he enjoys the local discounts in Las Vegas, he was happy to be returning to Southern California. Joe spends his free time pushing his limits in various Spartan Races across the country where he competes in 12+ mile races complete with over 25 obstacle courses (no wonder these races are called 'Beasts!'). Congratulations Joe!

CASEY STARR (03/19/12) was promoted to Assistant General Manager at the Richmond plant. Casey moved from Richmond down to Jacksonville to open up our newest service center last year and has done a great job with that facility. With all the added growth in Richmond we have found a need to add to the depth of our roster and have Casey move back up to Richmond to assist with all the growth we are experiencing. This move allowed Casey to continue growing with the company and also brought him back to Virginia where his family lives and close to his Virginia Commonwealth University roots where maybe he can help push the Rams back to the sweet 16 during this next March Madness run. Congratulations Casey!

STEVEN CLARKE (11/07/14) was promoted to Service Center Manager at our Sacramento location. Steven has been with Prudential for a short time, however in that time, he has been instrumental in leading the team, can often be seen on Route Observations, and has saved several accounts from defection. He is a Marine Corps veteran, honorably discharged in January 2012 as an E-5 Sergeant. He began his career at Prudential as a Route Manager in Sacramento and spent that time getting to know all of the accounts and routes out of the Service Center. He looks forward to the increased responsibility and has plans for growth and increased customer retention! Born in Sacramento, Steven has spent most of his life in that area. While in the Marine Corps he was stationed in San Diego, California and completed training all around the country. He has two amazing little boys and his wife is expecting their third child. They enjoy soccer, travel and are very interested in health and fitness.

MATT SEXTON (06/01/15) promoted to Service Center Manager at the Las Vegas Service Center. Matt started with us as Corporate Sales Representative. Matt is a graduate from Colorado Mesa University, obtaining his B.A. in Business Management. While playing football in college he was the starting offensive guard for the Mavericks. Matt comes to us with experience in the industry. He also was a Front Door Host at Rumjungle Nightclub inside Mandalay Bay (In other words he was a bouncer). Matt's father, Mike, is currently a Corporate Sales Representative at Prudential's Denver, CO location. In Matt's free time, he enjoys fishing and anything to do with sports, with his favorite teams being the Raiders, Lakers, and Angels. Matt is looking forward to working with his team in Las Vegas.

RICHARD SAN ROMAN (07/06/15) has been hired as the Irvine Plant Superintendent. Richard, a Southern California native, has been married for 34 years and is a father of three. He comes to Prudential with years of experience in supply chain, logistics, and manufacturing management. His interests include golf and antique shopping with his wife. We are excited to have him join the Irvine team and look forward to his contributions as we continue to work towards OAA this year!

New Assignments & Promotions in the Company

KG LEE (09/16/02) transferred to the Milpitas Cleanroom Plant as the Senior Sales & Service Manager. His time, effort and energy at the Milpitas Industrial Plant was greatly appreciated and we know that the Milpitas Cleanroom Plant will be stronger with his presence there.

DANNY FRANCO (10/14/15) hired as a Sales & Service Manager at the Albuquerque Plant. Danny comes to us with over 30 years of restaurant management experience. His experience includes Texas Wings as an area director, Lupe Tortilla as a managing partner, and Carrabba's as a managing partner. Danny is eager to begin learning our business and using his management skills to achieve success! Danny has a family of five and loves all things outdoors fishing, boating, hiking, and windsurfing. He went to the University of Houston and studied stenography.

LANCE ORTIZ (12/10/12) was promoted to Sales & Service Manager at the Fresno Plant. Lance started as a Utility Customer Sales Representative in Albuquerque. After consistently achieving at least 6 of 7 SOP's, doubling this route in volume and obtaining a \$27.29 sales average, he was soon promoted to a Route Manager. Before Prudential, Lance worked for a local linen company for 4 years. Born in Silver City, Lance has spent most of his life in New Mexico. He left for a short time to live in Michigan where he met his wife of 12 years, Lauren. Together they have two little girls, aged 3 years and 9 months. An active family, the four of them spend their weekends at the pool, park and going on hikes.

MIGUEL MONTOYA (05/05/14) promoted to Sales & Service Manger at the Moorpark Plant. Mike previously worked in our industry for 22 years. Then worked in the bread business for about 4 years. Mike just re-married about three years ago to Dinah. They have six kids together, and have five grandchildren. Mike enjoys outdoor activities, softball, camping, fishing. Most of all he loves to BBQ for his family on the weekends.

DARRELL ROBBINS (05/12/15) hired as the Plant Manager at the Los Angeles Cleanroom Plant. Darrell is originally from Arkansas and moved to California with his wife 34 years ago. Since then, he is now a father of five. Darrell has spent the last 20 years managing Safety, Production, and Quality Departments in the Defense/Aerospace industry. His interests include mentoring a high school age all girls robotics team. The team competes in the First Tech Challenge events held throughout Southern California. With his background in safety, production, and quality, we know that he can contribute to our goal of continuous improvement!

New Assignments & Promotions in the Company

JAKE MOORE (08/31/15) has joined the Mesa Cleanroom Plant team as our new Production Manager. Jake loves working with people and diverse groups. He has held positions in management, sales, government, and human resources making connections with various employees and customers along the way. Jake graduated from Utah Valley University with a BS degree, and Utah State University with an MBA. While attending university he discovered an enjoyment of problem solving and finding innovative ways to improve processes. After participating in a Lego productivity project in college he shared the experience at a management meeting for the region as an ice breaker to get new groups working together. Jake has been married to his Jr. High sweetheart for 15 years. They have one son and love camping, hiking, and road trips. He volunteers with the Boy Scouts for an extra camping opportunity each month.

MARK MATHEWS (10/03/11) has been promoted to Maintenance Supervisor at the Irvine Plant.

DANA HUSSEY (07/26/04) has been promoted as the Moorpark Plant Office Manager. Dana has stepped up to the plate by showing the eagerness to learn office manager duties. Dana is not shy asking for help and we appreciate the other plants that she has contacted for help. Terrific team work POS family! In Dana's free time she likes to travel to new places with friends. Dana's ultimate dream vacation is to travel to Australia and when she is not working spends time with her family and friends.

ANDREW HERRERA (09/29/15) hired as Utility Driver at the Moorpark Plant. Andrew and his girlfriend Jackie have two daughters. One 2 years old and a new born of 3 months. On Andrew's free time he enjoys playing baseball and having movie nights with his family.

BRIAN COLE (08/11/94) has become a Corporate Sales Representative at the Moorpark Plant. Brian is excited to be apart of the Moorpark AKA FresMoor Team! He started with Prudential as a Customer Sales Representative in 1994 in Moorpark and has had a successful over 20 year career in other positions as Route Manager, Sales & Service Manager, Regional Route Sales Representative, District Sales Manager and Corporate Sales Representative. On weekends he donates his time at events to help support our troops and likes to spend his free time with his better half Angela and his four legged friend Taz.

NIRAN ETLANTUS (05/26/15) hired as a Corporate Sales at the Albuquerque Plant. Niran comes to us with many years of managements experience with Panera Bread. He has three daughters and loves to spend time with his family as much as possible.

MICHAEL MADAYAG (09/14/15) has been hired as the Account Executive for Milpitas Cleanroom. Michael comes to us with multiple years of sales experience in the Laundry Industry. He is excited to be on our team, and looking forward to getting on the boat (President's Club). He is a Seattle Native, went to University of Washington where he earned a Bachelor's Degree in Ethnic Studies. He enjoys his three kids, 21 year old girl, 6 year old and 2 year old boys. Michael loves sports. He played football, basketball, and ran track through high school. He also played football through college. His hobbies are snowboarding, reading, cooking, and wood-working.

Cleo was the administrative assistant for the Executives at the corporate office for many years. She supported John D. Clark, Don Clark and Dan Clark. Cleo handled their phone calls and supported their many administrative needs as well as keeping them on track in their daily schedules. She also handled many of the plant functions and kept the many customer lists that are all done by computer now. She was missed very much when she decided to retire and enjoy the leisure life.

Hi Marlan, I can never get my Mom off my mind and I wanted to tell you how glad I was to meet you and tell you that I will never forget you for caring enough for my Mom that you would drive all the way out here to get her for the Christmas luncheon, knowing that she would just LOVE to go to see all her Prudential friends again. It really, really would have made her so happy! She had quite a few friends that went way out of their way to help her in many ways. I will always remember your kindness toward her. Thank you Marlan, ur a good guy!

Happy 40th Anniversary Tom Watts

A NOTE FROM TOM:

Thanks to all of you for the special congratulatory wishes. Wow, 40 years just flew by. I was talking to my wife and she reminded me that 40 years ago, it was my first day on a route and I wasn't sure if I would make it.

Special thanks go out to all of you though, as you've made it a great and memorable 40 years for me.

When you get to spend your working career with so many fantastic people, it seems more like a gift every day.

I very much appreciate the Clark family for letting me stay all these years.

TOM WATTS
(09/08/75)
President

1975 Tom Watts

Current Plant Location: Corporate
Title: President
Hire Date: 09/08/75

Why have you chosen to stay with Prudential for so long?
"I like the work and love the people."

Climbing the corporate ladder, a native Californian, Watts joined the company's family tradition when his father Mel was a route salesman for POS. The older Watts ran an evening route for about 10 years.

One night in 1971, in the aftermath of a major earthquake, the father asked the son to join him. "Some bridges were down and freeways were closed, so he asked me if I wanted to ride along with him on Friday night and help," Tom recalls.

He was surprised that the industry beyond he only knew about it from the title that his father had told him. But when he was hired as a route sales trainee.

"I really liked the people who were already in those positions, as they were all very outgoing and friendly. The thought of being out on my own and away from the same location every day and the wide variety that each day presented were very appealing to me."

Rungs on his ladder by the top were National service rep (CSR for route salesman), utility route salesman, route manager, sales and service manager, GFI, regional manager, operations VP and now president. In each case, the company approached him about moving up.

Only one of these was a new position (operations VP). He sought each job because he was confident they "would continue to help me understand the business better and broaden my knowledge base." The only switch that didn't excite him was a lateral move that increased his commute from 20 minutes to almost two hours.

Getting his start in route sales hooked him because it gave him the opportunity to talk to a "very diverse group of people" (his customers) and become familiar with a variety of businesses. "I really enjoy learning about anything I can in regards to other industries," Watts says.

As a CSR, he immediately appreciated the importance of his production privileges to his success. "If my load was not correct, my day was not going to be fun." He respected plant staff as some of

the hardest working people he'd known, focused on doing the right thing and always getting it done.

Later, working in an office appointed to him, he says, because of the trust responsibility to teach others. "I'm not much on doing, just getting out with other people and showing them how to do it better is a big part of what I like to do."

Of all the roles he's played, however, his years on the route were most responsible for building his understanding of "what the industry and service in general is about." It also forced him into the company philosophy that POS needs to do everything it has promised its customers and to expect a fair price in return.

Subject: UCLA order for Tues 9-15-15

Sergio- Here is my order for tomorrow. We are now back into conference season, so our needs are different- more napkins for sure and our orders will vary depending on occupancies. Thanks you so much for your help and being so proactive last week when I forgot to place an order! You saved me! And a special thanks to Jose also for making a second special trip to bring up more napkins. We pride ourselves here at the conference center on our customer service and are constantly going above and beyond. It is so nice to work with a company that has the same standards of excellent customer service! I truly appreciate all that you do. Again, my sincere thanks!

I'm not sure if Prudential has an employee recognition program in place or any way of acknowledging outstanding employees, but I wanted to let you know what a consistently helpful, always positive and friendly employee you have in Sergio. He seems to genuinely enjoy his job and to take pride in quality work and customer service.

When he left today, three of us were talking about how awesome he is and it occurred to me that it would be good to express those thoughts to his supervisor.

Best Regards,

Myles,

I hope all is well with you and your family. I wanted to give you an update as to the new re-usable sterile gowns. We began using the gowns yesterday and today. The staff were elated to use the new gowns. Many were smiling. I cannot put my finger on the mood, but they were happy and maybe proud to be in state of the art gowning. I know we need to schedule a training day. Phillip will work on this. I have attached few photos for your amusement.

Thanks for all you efforts.

Prudential's Mail Bag

To Nicole Palmer,

I am writing you this letter to let you know that the service that you have provided for me has been exemplary. Whenever I have had any issues and needed them resolved your company has stepped up and took care of them in a timely manner.

The product that you give us is good quality and if we ever notice that we need to replace items such as micro fiber rags or mops you work with us and replace as needed. It is a pleasure to work with a company that cares about its partnerships with their accounts.

If you would like to use this letter as a recommendation for services please feel free to do so. If anyone would like to call and ask me any questions please let them know they are more than welcome to.

Thank you again and I look forward to our continuing partnership.
